Line 3, delete both occurrences of "(5)".

Line 4, delete "(3)".

Line 5, delete "(1)".

Line 6, delete "(5)".

Line 8, delete "(1)" and "(5)".

IN THE CLAIMS

Please amend claims 1-11 as follows:

- Sub B1*
- A/Cmt.*
1. (amended) [A device] An apparatus for using a service made available in a telecommunications network, the device comprising:
 - at least one network server having [an] a user interface program;
 - a user-side terminal, the user-side terminal being capable of connection to the at least one network server; and
 - a control and operating device executing a user interface to control and operate the service;wherein the control and operating device is assigned to the user-side terminal and the at least one network server transmits the user interface program to the control and operating device before the service is used.
 2. (amended) The [device] apparatus as recited in claim 1 wherein the user-side terminal includes a telephone.
